Introduction

We desire to honor Christ and reflect his love to each child who is a part of Cedar Crest Bible Fellowship Church and to reach the surrounding community. We greatly value the opportunity to minister to these children and invest much of our time and resources into pointing young people and their families to Jesus. It is important to us that our volunteers and staff uphold the highest standards of conduct in speech, behavior, and environment to protect those in our care and maintain the integrity of our ministry.

Because Cedar Crest abhors all forms of child abuse, we are committed to making its places of ministry safe for all children, students, and church workers. By implementing proactive safety measures, such as screening, training, and clear procedural expectations for all Children and Student Workers, we aim to create a culture that both protects and equips. These measures are intended to help prevent harm and ensure that every child experiences care in a safe, Christ-centered environment.

The following policies and procedures cover children from birth through 18 years of age and have been established to promote the physical safety, emotional well-being, and spiritual growth of our children. Our ultimate goal is to be like Christ and to model His love and grace to these young lives. If you are ever unsure about what is appropriate or how to respond in a situation, please ask your ministry director or the Pastor overseeing your area. We encourage open communication and would always prefer you to ask rather than assume. Thank you for your interest in serving Christ through this ministry. We look forward to serving with you and trust that God will grow all of us through this important work. Please read the following material carefully.

God's grace to you,

Children's and Student Ministry Team

Child Abuse Prevention Practices

Recruiting, Selecting, and Training Volunteers and Paid Staff

1. Minimum Qualifications: Every person (paid and unpaid) who works with children and/or students will:
 - a. Confess Jesus Christ as their personal Lord and Savior and adhere to the affirmations of faith of Cedar Crest Bible Fellowship Church.
 - b. Be a member in good standing or a regular attendee for at least six months.
 - c. Have no history of being an abuser and pass a background check which must be renewed every five years.
 - d. All employees, regardless of proximity to children, will be required to pass background checks and screenings.
2. Procedures
 - a. Children/Student Workers and Occasional Children/Student Workers must complete an application that will be confidentially viewed by the ministry head and/or Senior Pastoral Leadership Team.
 - b. Children/Student Workers must agree to a confidential nationwide background check of public records, as well as an interview (if requested).
 - c. Education
 - i. Children/Student Workers will receive information on definitions and indicators of various forms of abuse (found on pages 8-12).
 - ii. Children/Student Workers will receive any additional information on the guidelines and procedures in each ministry, besides those found in this manual, if applicable.

Procedures

1. Avoid Isolation:
 - a. Volunteers and staff shall observe the two-worker rule. This requires that workers should not be in an isolated setting with children/students without another worker.
 - b. Events: When away from the church on an outing or at the church overnight, volunteers and staff are to work together as a team to not be isolated with a child or adolescent.
 - i. If it is necessary for a volunteer or staff member to meet individually with a child/student, it should be done so in a public setting or where they are clearly visible by others. Another volunteer or staff member must be notified prior to meeting together.
 - c. Paid staff members should not spend time alone with a child or adolescent without the awareness and written consent of that individual's parent/guardian.
2. Basic Bathroom Procedures (for young children)
 - a. Parents should be encouraged to take their child(ren) to the bathroom before class.
 - b. A child can be taken to the bathroom upon request by the child, if the child shows obvious signs of needing to go to the bathroom, or if an organized group of children are taken to the bathroom together.
 - c. Before allowing a child to enter the restroom, the leader should check to make sure it is empty and safe.
 - d. Workers should remain in the doorway of the bathroom, if possible, not in the stall.
 - e. If a child needs assistance, keep the stall door open and ask another worker to step into the restroom.

3. Release Guidelines: Creating and following guidelines for releasing children after classes reduces the opportunities for both abuse and abduction.
 - a. Two workers should remain with all the children in the classroom from the time when they are dropped off until they are picked up.
 - b. Parents/guardians must present their parent pick-up tag, upon request of any child/Student Worker, before the child is released to them. The code on the parent pick-up tag must match the code on the child's name tag.
 - c. Older children and students (grades 6-12) may be released after class is over. If the parents wish their child to remain in the classroom until picked up by a parent/guardian, that information should be made known to the teacher/leader and/or Student Workers.
4. Reporting Procedures
 - a. Reporting Obligations: ALL child/Student Workers are now mandated reporters. They must immediately report any behavior that seems abusive or inappropriate, or any incident reported by a child or adolescent.
 - b. Line of reporting:
 - i. Workers must "report out, then report up" about the alleged abuse.
 1. Workers will report abuse directly to Child-Line **(1-800-932-0313)**. Mandated reporters must identify themselves when reporting.
 2. Children's Director or Student Pastor
 3. The PLT (Pastoral Leadership Team) will be informed as soon as possible.
 4. The Baptism & Membership Committee will be notified, if necessary.

Training and Education

1. All volunteers and staff who work with children and youth will be expected to attend or review the annual Children Safety Training Presentation. Upon completion of this training, a signed copy of the "Children/Student Worker Signature Form" will be required.
2. At the beginning of each school year, a copy of the guidelines will be emailed to all staff and volunteers for their review.
3. Any changes in the policies and procedures will be communicated to all children/Student Workers by their department heads.
4. Copies of the guidelines will be available for any church attendee through the church office.

Screening Procedure for Children Workers – Paid and Unpaid

1. Completed applications must include:
 - Personal information: Name, address, etc.
 - Ministry information: Areas of interest, ministry experience, etc.
 - Two Professional and/or personal references.
2. To be a teacher or leader of a Children/Student ministry, you must be a member in good standing at CCBFC. Other Children/Student Workers, such as helpers and occasional workers, need to attend regularly for a minimum of six months. In the case of guest ministries and new staff hires, exceptions might be made (with due diligence to background screening and references from previous churches).
3. All workers (teacher/leader, helper and occasional worker) who are serving our children and students are required to read this manual, watch the current training, sign the back page of the manual stating

that they have read and adhere to these policies, and if they are a new volunteer, provide two references.

4. References will be checked, and written results shall be maintained on file, only to be viewed by necessary personnel.
5. Children/Student Workers 18 years and above shall complete a nationwide legal background check to check for previous criminal and abuse records. Any person who is known to have committed previous acts of child abuse of any kind, shall be strictly prohibited from serving with children/students. Where serious allegations have been made but have not been legally substantiated, the Board of Elders will consider the situation and decide whether the person will be allowed to serve as a Children/Student Worker.
6. Confidential, personal interviews of all Children/Student Workers may be conducted and documented. We also reserve the right to interview anyone who will even be in occasional contact with children and students.

Discipline

Discipline by a Children/Student Worker is defined as training expected to produce a specific character or pattern of behavior, especially training that produces moral or mental improvement. Punishment is a penalty imposed for wrongdoing. Our intentions are to teach through positive correction, rather than by punishing negative behavior.

When dealing with a behavioral issue, a volunteer must never spank, hit, grab or in any way physically discipline a child. Any problems should be reported to the ministry director and directly to the parents/guardians.

The following represents important discipline guidelines:

Pre-School/Elementary:

1. Physical discipline, including spanking, is strictly prohibited.
2. If a child's behavior becomes disruptive or unsafe, approved workers may use a brief in-room time-out (generally one minute per year of age) to allow the child to calm down.
3. If the behavior continues, the parent or guardian will be contacted, and the child may be removed from the group if necessary.

Middle School/High School:

- In case of discipline problems, no hitting may be used. When behavior is not acceptable, an in-room cooling off period should be used. If behavioral problems persist, the Children/Student Worker should ask the other Children/Student Worker to either find the parent or take the young person to the parent.

Nursery Guidelines

The following guidelines apply to each nursery room:

1. At least two nursery workers shall be in the room from drop off to pick up.

2. Only nursery workers, their children, and other authorized parents or adults shall be allowed in the nursery area during church events.
3. Workers should only accept children whose parents/guardians will remain within the physical confines of the church to ensure that the party responsible will be accessible and present in the event of an emergency.
4. Diaper changes must be made in the nursery room according to the posted guidelines, unless by parents/guardians.
5. All parents must check in and pick up their child(ren) using our Children's Check-In and Pick-Up process.

Pre-School through Elementary Guidelines

4. At least two workers shall be in the room from drop off to pick up.
5. Only workers, their children, and other authorized parents or adults shall be allowed in the classroom during church events, unless previously agreed to (e.g. guest speakers or extra/alternate helpers).
6. Bathroom Guidelines:
 - a. Parents are encouraged to take their child to the bathroom prior to class drop-off.
 - b. Preschool-aged children may be escorted to the bathroom by a Children/Student Worker. Elementary-aged children may go independently or be escorted upon request.
 - c. The classroom must remain supervised at all times by another approved Children/Student Worker.
 - d. If a child requires assistance, the stall door must remain open and a second approved worker must be present or immediately accessible.
 - e. Workers should maintain appropriate physical boundaries, limit bathroom time, and avoid unnecessary contact.
 - f. Both the child and worker must wash their hands after using the restroom.

Note: Detailed procedures and age-specific guidelines can be found in the Children's Ministry Safety & Volunteer Guide.

7. All parents must check in their child(ren) and present the required matching security tag or other approved identification before their child will be released to them.

Middle and High School Guidelines

- Two students and one Student Worker or one student and two Student Workers should be in the classroom prior to students entering the room and until the last one leaves. One of these Workers should be the Teacher/Leader.
- No one other than Children/Student Workers, parent(s), or guardian(s) should be allowed in the classrooms (unless previously agreed to, e.g., guest speakers or extra/alternate helpers).
- A Children/Student Worker must not interact with a student in any sexual manner (e.g., physical, digital, verbal, or visual).
- A Children/Student Worker under any circumstance must not engage in a romantic relationship with a child or student.

- Children/Student Workers should avoid one-on-one meetings in private places with students (same or opposite sex). If unavoidable, the Student Pastor/Director must approve in advance.
- If there is a legitimate reason to be alone with a student, the Children/Student Worker must:
 - a. Obtain **written parental consent** (email/text acceptable).
 - b. **Notify the Student Pastor/Director** in advance.

Overnight Activities

1. Adult chaperones should have gone through the screening and background check process that is required of all Children/Student Workers.
2. Children/Student Workers are to work together as a team and not be isolated with an adolescent.
3. The student-to-worker ratio should not exceed twelve students for every one Children's Ministry or Student Ministry worker.
4. Care should be taken so that small numbers of students are not alone together for long periods of time.
5. Sleeping arrangements must be separated by gender.
6. Each individual should have and sleep in his/her own bed. Written exceptions can be made by parent/guardian for students of the same gender.
7. Students should not be released from an overnight activity during the night unless there is notification of or permission by the parent/guardian.

Church Drivers

For the protection of our students and our drivers, the following guidelines should be observed.

1. When possible, Children/Student Workers should not transport a student alone. At least two adults or at least two students shall always be present in the vehicle.
2. If the driver of a church vehicle is not a Children/Student Worker, then he/she must fill out a Children/Student Worker Application, as well as register with the Church office so that his/her license can be added to the list of Authorized Drivers.
3. If inappropriate behavior is observed in the vehicle (e.g. sexual harassment, bullying, demeaning, or other discipline problems), it must be addressed immediately and reported by the Children/Student Worker.

Important Indicators of Child Abuse

Realities of Child Abuse

Child abuse is a deeply harmful and often hidden offense that does not follow predictable patterns. **We cannot rely on appearances, personal relationships, or intuition to identify who may pose a risk to children.** Abuse prevention is not about judgment, it is about creating and following clear, consistent boundaries and procedures.

The following realities are critical for all ministry staff and volunteers to understand:

1. **Child abuse can occur in any community.** No community is immune. It crosses racial, social, and economic lines.
2. **Most abusers are known to the child.** They may be **relatives**, family friends, or individuals in positions of trust or authority.
3. **Abusers often appear outwardly trustworthy or respected.** Many have no prior criminal history or visible warning signs. We cannot identify risk based on appearance, personality, or reputation.
4. **Policy and procedures, not personal judgment, are what protect children.** This is **why** supervision standards, reporting requirements, and physical boundaries are essential.
5. **Abuse is rarely a one-time incident.** It typically occurs repeatedly and may escalate **over** time if left unreported or unchecked.
6. **Children are often hesitant to disclose abuse.** They may fear punishment, disbelief, or harm to a loved one. It is not the child's responsibility to say "no," it is our responsibility to create environments where abuse cannot occur.
7. **Most abuse happens in familiar places.** A child's own home or the home of someone **they** trust is a common setting.
8. **We must not rely on intuition or perceived safety.** Adhering to **established** procedures is the most effective form of prevention and protection.

Mandated Reporting Overview

If you are an adult volunteer with Children or Student Ministries, **you are a mandated reporter**. If you suspect possible abuse of a child or student, you are required by law to take immediate action. The following website has up to date information regarding mandated reporting.

<https://www.dhs.pa.gov/KeepKidsSafe/Pages/Report-Abuse.aspx>

When must a mandated reporter make a report?

A mandated reporter must make a report of suspected child abuse if they have reasonable cause to suspect that a child is a victim of child abuse under any of the following circumstances.

- The mandated reporter comes into contact with the child in the course of employment, occupation and practice of a profession or through a regularly scheduled program, activity or service.
- The mandated reporter is directly responsible for the care, supervision, guidance or training of the child, or is affiliated with an agency, institution, organization, school, regularly established church or religious organization or other entity that is directly responsible for the care, supervision, guidance or training of the child.
- A person makes a specific disclosure to the mandated reporter that an identifiable child is the victim of child abuse.
- An individual 14 years of age or older makes a specific disclosure to the mandated reporter that the individual has committed child abuse.

Must I report suspected abuse if I learn of the abuse from someone other than the child who was allegedly abused?

Yes. Nothing requires a child to come before the mandated reporter in order to make a report.

How do I report suspected abuse?

Mandated reporters must make an immediate and direct report of suspected child abuse to ChildLine by calling 1-800-932-0313.

Do I need to notify anyone within my institution, school, facility or agency after I make a report?

Yes, after making the report to ChildLine, you are required to immediately notify either the Children's Ministry or Student Ministry Pastor/Director. The Director or Pastor will then notify the Pastoral Leadership Team.

What are the Legal Responsibilities and Protections for a Mandated Reporter?

Failure to Report:

Penalties range from a second-degree misdemeanor to a second-degree felony.

Good Faith Protection:

Reporters are immune from civil/criminal liability if the report is made in good faith.

Confidentiality:

Reporter identity is protected except for law enforcement or district attorney use.

Can you report suspected abuse if you are not a Mandated Reporter?

Yes. Anyone who is concerned about the safety of a child is encouraged to make a report. Individuals who are encouraged, although not required by law, to make a report of suspected child abuse, can make a report to ChildLine by calling 1-800-932-0313.

If, upon investigation, the county agency determines that a child has not been provided needed medical or surgical care because of seriously held religious beliefs of the child's parents, and such beliefs are consistent with those of a bona fide religion, the child shall not be deemed to be physically or mentally abused. The county agency shall closely monitor the child and shall seek court-ordered medical intervention when the lack of medical or surgical care threatens the child's life or long-term health.

In cases involving religious circumstances, all correspondence with a subject of the report and the records of the Department of Public Welfare and the county agency shall not reference 'child abuse' and shall acknowledge the religious basis for the child's condition, and the family shall be referred for general protective services, if appropriate.

Possible Indicators of Child Sexual Abuse

Most cases of child sexual abuse go undetected. There may be no apparent physical signs, or there may be physical signs that are detected only through a medical examination. However, there are some signals that a worker may observe that will indicate whether sexual abuse is occurring.

High indicators of abuse which may warrant a report are:

1. A child reports being abused.
2. A child has unusual and repeated bruises, welts, or burns. A child gives varied or different reasons for the same injury.
3. A child has explicit sexual knowledge above age expectations. This includes extensive knowledge of sexual acts, slang/technical terms and/or demonstrated sexual behavior in conversation or play.

The following should raise your concern about the possibility of abuse and suggest the need to explore further. **The presence of several of these could warrant you making a report.**

Child's Appearance	Child's Behavior	Caretaker's Behavior
• Difficulty in walking or sitting • Torn, stained, or bloody underclothing • Pain, bleeding or swollen genitalia • Semen around mouth, genitalia or on clothing • Venereal disease, especially in preteens • Pregnancy • Lacerations around mouth • Warts around genital area	• Suddenly withdrawn; engages in fantasy or infantile behavior • Poor peer relationships • Unwilling to participate in physical activities • Engages in delinquent acts or runs away • States he/she has been sexually assaulted by parent/caregiver • Fear of restrooms, a particular place, or being left alone • Unusual sexual knowledge • Does not want to go home from church • Becomes self-abusive: pulling hair out, banging head, cutting themselves	• Extremely protective or jealous of the child • Experiencing marital difficulties • Misuses alcohol/drugs • Frequently absent from home • Experienced sexual abuse as a child

Response Plan: Steps to Take if Child Sexual Abuse is Suspected

The primary responsibility of someone reporting suspected sexual abuse is to ensure the safety of the child while attending Cedar Crest Bible Fellowship Church or church sponsored activities. Discrete and confidential reporting of suspected sexual abuse is critical to prevention of abuse. Please understand that reporting abuse reflects caring and is not an act of disloyalty. If you witness or hear about an abusive situation and do not report it, the safety of our children may be compromised. You *are legally required to report* child abuse. As long as the report is based on a good faith suspicion that abuse is occurring, the reporter will be immune from any civil and criminal proceedings that could result. **ALL** Child/Student Workers are legally mandated to report. The church worker must make this report immediately by phone and in writing within forty-eight hours. It is considered an obligation of all our Cedar Crest Bible Fellowship Church Child/Student Workers to follow these guidelines.

The following steps should be taken upon receiving allegations or observing sexual abuse:

Remember you are to report out, then report up.

1. Anyone who becomes aware of suspected sexual abuse by a Children/Student Worker or other volunteer is required to file a report with Child-Line and to report it directly to the Children's Director or Student Pastor. The Children's Director or Student Pastor is required to report this information to his/her direct supervisor. The suspected perpetrator of abuse will be removed from proximity to children at Cedar Crest Bible Fellowship Church during the investigation for the safety of all.
2. If a Children/Student Worker suspects abuse or hears an allegation of abuse occurring in the home of one of the children or students, **the Children/Student Worker is mandated to file a report with Child-Line as detailed below.** In this case no one in the church is required to be notified, unless the alleged perpetrator is affiliated with Cedar Crest Bible Fellowship Church (e.g. church volunteer, attender, or member). It is permissible to make a report on a reasonable suspicion. You do not need actual evidence to call. Give the information you have, and the authorities will determine if the suspicion warrants an investigation. You may call Child-Line just to ask if the information you have warrants a report.
3. The report is to be filed within 24-48 hours to Child-Line: **1-800-932-0313**. This toll-free number is staffed twenty-four hours a day, seven days a week by Pennsylvania's Department of Public Welfare. This is the number to call for child abuse in the state of Pennsylvania, regardless of the county the child lives. If the alleged perpetrator is not related to the victim, Child-Line will direct the reporting party to call the police department where the alleged crime took place. Be prepared to answer as many of the following types of questions as possible:
 - *Why do you suspect abuse has occurred?
 - *Name of the child.
 - *Address, phone, school - as much info as you have so child can be reached in the next 24 hours.
 - You may remain anonymous, but your name must be given to ChildLine.
 - Who is the alleged perpetrator of abuse?
 - How did you find out?
 - Is there a weapon in the house?
 - Who else knows about the abuse?
 - Parents names and address(es).
 - Any siblings in the home?

* Most important information. The rest is helpful but not necessary to make a report.

As a mandated reporter you must identify yourself when reporting suspected child abuse. A County Department of Children and Youth Investigator and/or Police has the option to call you in order to clarify any information that you give. They will keep your name and information confidential from the child, the child's family, and the alleged perpetrator. The Investigator is obligated to see the child within 24 hours of receiving the report.

Intervention Plan

If charges of child abuse by a volunteer, regular attender or member of the church are reported to the Pastor/Director, the following actions will be taken:

A Crisis Task Force must convene, being comprised of a Pastor, an Elder, Church Attorney (via Brotherhood Mutual Insurance Company), Counselor, and Student Pastor or Children's Director.

This Task Force will outline the necessary steps in response to the filed report. It will not attempt an in-depth investigation. That will be left to the appropriate government authorities.

It is recommended that this task force:

1. Document all efforts at handling the incident (e.g. who was contacted and when, using specific times and dates) while maintaining strict confidentiality.
2. Notify Cedar Crest Bible Fellowship Church's liability insurance carrier.
3. Take the advice of the police or Child-Line (for the specific situation) as to whether to notify the parents or guardians.
4. Confront the accused after the safety of the child or student member is secured.
5. Designate a specific spokesperson for the church if media become involved.
6. Discreetly remove the alleged offender from their Cedar Crest Bible Fellowship Church position(s) while the investigation is being conducted.

If the allegations become legally **unsubstantiated**:

1. The accused person will need to provide official evidence, if he/she can obtain this, that he/she was innocent. This information would be placed in the accused person's file along with his/her application. Once the investigation has begun by civil authorities, the details and information are kept confidential from the public, including Cedar Crest Bible Fellowship Church. In the very small minority of cases, the allegations become unsubstantiated from a legal standpoint. If this occurs, but the accuser remains steadfast in his/her allegation, the volunteer, regular attender or member of the church may be prohibited from working with children at Cedar Crest Bible Fellowship Church.
2. If the accuser recants the allegation, then every effort will be made to exonerate, reconcile and restore the accused person. Also, a public statement by the Crisis Task Force will be made if the accused person desires.
 - a. The Task Force will respond with concern, care and love for the complainant(s), for the congregation, and for the accused and his/her family.

- b. The accused will be notified in writing that a copy of the filed report and investigation's findings will be retained for legal purposes by the church. The report will be confidential and only appropriate church staff will have access to the file.
3. If the accused is guilty but no charges were filed with the police. Cedar Crest Bible Fellowship Church reserves the right to apply the task force restrictions found under the intervention plan.

If the allegations and investigations **substantiate abuse**:

4. The offender will be permanently removed from susceptible environments and offices in the Cedar Crest Bible Fellowship Church ministry. *Victim and offender may not be present together.*
5. The victim(s) and his/her (their) family/families will be given utmost consideration and pastoral care.
6. Continued pastoral care and counseling can be extended to the offender and family during rehabilitation; however, it will be recommended that on-going counseling for the offender be pursued with professional counselors who have adequate experience in this type of counseling.
7. The Elders will weigh the risks and make a determination regarding church membership status of the offender and following the set Church Discipline policies.

Ministry and Support

To the victim and his/her family:

1. A person from Cedar Crest Bible Fellowship Church will serve as an advocate and a support to the victim(s) and their family/families.
2. Sensitivity, care and love will be extended to the victim(s) and his/her (their) family/families.
3. A list of qualified counselors will be provided.
4. In case of multiple victims, opportunities will be offered for these persons to meet together for support, prayer, healing and encouragement.

To the accused and his/her family:

1. A person from Cedar Crest Bible Fellowship Church will serve as an advocate and support to the accused and their family.
2. A list of qualified counselors will be provided.
3. Sensitivity, care and love will be extended to the accused and his/her family.
4. If the perpetrator is found guilty or pleads guilty in the court of law to any charge of child sexual abuse, the church will not intercede on the perpetrator's behalf, by letter or by personal appearance in court, to influence the court's decision concerning sentencing.
5. If both the perpetrator and victim and their families are members or regular attendees of Cedar Crest Bible Fellowship Church, it is understood that for the victim's emotional recovery the perpetrator and perpetrator's immediate family may be asked to attend another church.

To the church family:

1. If the perpetrator is found guilty, or pleads guilty, in a court of law to child sexual abuse, his/her identity and the charges to which he/she was found guilty will be announced to the membership of the church.
2. An admonition to be wise concerning dealings with this person will be made as per church discipline policies and procedures by the Pastor or elder making the admonition.
