

Ministry Building Needs

Thank you!

We are so grateful for God's provision! The people of Citylight desire to reach the city with the light of Christ, care for those who are hurting and often overlooked, and see our church grow together in grace and truth. This building will be an excellent tool but much work is to be done!

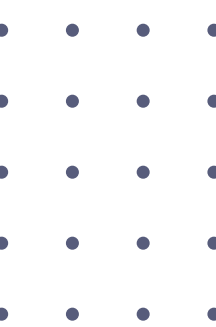

Projects and Progress

We are gathering project leaders, schedules, and tools to take on this task. Soon we hope to release a schedule of pre-planned project days for you and your church family to join us as we convert this building into a place of hope and encouragement. Please contact the elder candidates below if you can help!
